

7th October 2019

LINDIAN APPOINTS DRILLING CONTRACTOR

- **Specialist African drilling company Sahara Natural Resources appointed to complete Phase 1 drilling program at Gaoual Project**
- **Low-cost, high-impact Phase 1 program to commence in December 2019 comprising up to 34 auger holes at ~600m spacing**
- **Sahara Natural Resources are an internationally recognised mining services contractor with strong local experience and an operational base in Guinea**

Lindian Resources Limited (“Lindian” or the “Company”) (“ASX: LIN”) is pleased to advise that it has appointed Sahara Natural Resources (“Sahara”) to complete the Company’s Phase 1 drilling program at the Gaoual Bauxite Project in Guinea.

The initial program will comprise up to 34 auger holes drilled at approximately 600m spacings to test the depth, grade and scale of the Bouba Plateau - which is the primary conglomerate bauxite target within the Gaoual Project.

First results from the Phase 1 drilling are expected to be received in December 2019.

Managing Director Shannon Green commented: “This is another key step towards commencing our Phase 1 drilling program at Gaoual and we are very pleased to be partnering with Sahara who have an excellent international reputation and strong local capabilities to deliver.

“In line with our recently fast-tracked timeline, permitting at Gaoual is on-track to be completed ahead of drill equipment mobilisation in late November. With the first hole set to be drilled in December, we are confident of having initial results from this program by calendar year end. I look forward to reporting further updates as we move closer towards commencement of drilling at Gaoual.”
