

31 December 2021

Quarterly Activities Report

QUARTERLY HIGHLIGHTS

- The focus for the quarter was on advancing Lindian’s world class bauxite portfolio in Guinea working to define the optimal export solution and progress due diligence with interested parties.
- Bauxite mining, project development and export operations are ongoing in Guinea.
- Malawi Supreme Court of Appeal adjourned appeal hearing scheduled for 8 December 2021 in relation to an exclusive Option Agreement for the Kangankunde Rare Earths Project in Malawi. Lindian maintains a willingness to work towards an out-of-court settlement based on sensible commercial terms.
- Successful \$1,000,000 non-brokered placement completed.

Lindian Resources Limited (ASX:LIN) (“Lindian” or “the Company”) is pleased to report on its activities during the December 2021 quarter.

Lindian’s focus for the quarter has been advancing its portfolio of world-class bauxite projects in Guinea and seeking a resolution with respect to the Kangankunde Rare Earths Project in Malawi.

GUINEA BAUXITE PORTFOLIO

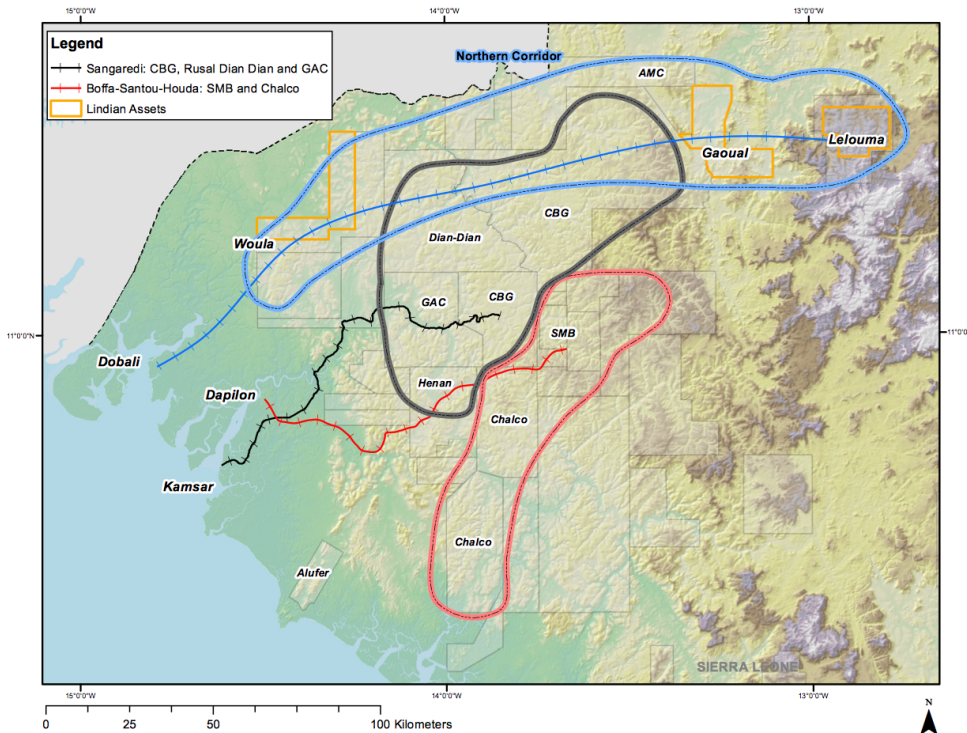

As previously advised, bauxite mining, project development and export operations, are ongoing in Guinea despite changes to the country’s leadership. There is considerable third party interest in Lindian’s bauxite assets.

Specifically, the focus for the Company during the quarter has been on:

- Continuation of discussions with respect to infrastructure sharing agreements for rail, road and port allocations outside of its ‘Northern Corridor’ development strategy.
- Advancing negotiations and responding to due diligence requests with interested parties on development of the Northern Corridor rail and port infrastructure.

DISCUSSIONS WITH GOVERNMENT OF GUINEA

Lindian’s 75%-owned infrastructure subsidiary Terminal Logistics & Holdings Pte Ltd (“TLH”) continues to advance the Memorandum of Understanding (“MOU-G”) regarding the potential exploration and joint development of the Port of Dobali and the associated logistics corridor (the “Northern Corridor”) in Guinea.

INFRASTRUCTURE SHARING NEGOTIATIONS

Negotiations were advanced regarding the utilisation of existing road, rail and port infrastructure. Lindian’s longer term strategy is to develop the “Northern Corridor” to unlock the full potential of the portfolio, but as an interim step Lindian is exploring the opportunity to take advantage of the significant infrastructure developed in Guinea over the past 10 years to facilitate low capital, near term production.

\$300,000 LOAN FACILITY SECURED ¹

Lindian secured a short term loan facility for \$300,000 on an arm’s-length basis from Kabunga Holdings Pty Ltd, a company associated with Chairman Asimwe Kabunga in October 2021. The unsecured loan was at a rate of 7% per annum (non-compounding) with interest payable at maturity originally for a period of two months maturing on 21 December 2021 but this has been subsequently extended to 1 February 2022.

¹ 22 October 2021 - \$300,000 Loan Facility Secured

\$1M PLACEMENT COMPLETED ²

Lindian received commitments from a number of sophisticated and professional investors and existing shareholders to raise \$1,000,000 in a non-brokered placement through the issue of 33,333,334 fully paid ordinary shares in the capital of Lindian at an issue price of \$0.03 per Share.

Subject to shareholder approval, 10,000,000 of the Shares will be issued to Kabunga Holdings Pty Ltd, a company associated with Chairman Asimwe Kabunga, in repayment of the principal outstanding on the \$300,000 term loan facility entered into on 21 October 2021. Lindian has reached agreement with Kabunga Holdings Pty Ltd to extend the maturity date of the loan facility until the date of shareholder approval for issue of the 10,000,000 Shares, which is anticipated to be on or before 15 March 2022, on the same terms. This will leave Lindian debt free and well-funded given its low monthly cash burn rate and modest projected project expenditure.

The Shares will be issued under Lindian's current placement capacity under Listing Rule 7.1, with the funds raised from the issue to be used to advance Lindian's projects in Guinea and Tanzania, for costs associated with the Kangankunde Rare Earths Project in Malawi and the ongoing dispute in relation to that project, and for general working capital purposes.

EXPLORATION EXPENSE

The \$0.187m of exploration and evaluation outflows during the quarter (refer item 2.1 (d) of the Appendix 5B for the September quarter), was predominantly comprised of expenses relating to the Gaual, Lelouma, and Woula Bauxite projects in Guinea. No expenditure was incurred on development or production activities during the quarter.

CORPORATE - CASH AT END OF QUARTER

At the end of the quarter, the Company held \$0.809m in cash.

KANGANKUNDE RARE EARTHS PROJECT, MALAWI³

During the previous quarter, Lindian was notified that the Malawi Supreme Court of Appeal will hear the appeal on 8 December 2021 in relation to the exclusive Option Agreement for the Kangankunde Rare Earth Project in Malawi and an ongoing dispute against Michael Saner (since deceased) and Rift Valley Resource Developments Limited.

Lindian was notified in November that the Malawi Supreme Court of Appeal has adjourned the appeal hearing scheduled for 8 December 2021 in relation to an exclusive Option Agreement for the Kangankunde Project and dispute.

² 25 November 2021 - \$1M Placement Completed

³ 11 November 2021 - Malawi court of appeal hearing scheduled on Kangankunde Rare Earths Project adjourned

The Court is yet to schedule a revised date for the appeals hearing and Lindian will advise when the matter is listed for hearing.

As previously advised, Lindian maintains a willingness to work towards an out-of-court settlement based on sensible commercial terms with respect to the Kangankunde Project.

LUSHOTO AND PARE BAUXITE PROJECTS, TANZANIA

The Lushoto and Pare bauxite projects are subject to a Farm-In and Joint Venture Agreement pursuant to which Lindian has earned a 51% Stage 1 interest in East Africa Bauxite Limited.

No meaningful work has been undertaken on the Tanzanian projects during the June Quarter.

RELATED PARTY TRANSACTIONS

During the quarter, Lindian paid \$0.153m in relation to Non-Executive Directors fees.

FORWARD LOOKING STATEMENTS

All statement other than statements of historical fact included in this announcement including, without limitation, statements regarding future plans and objectives of Lindian Resources Limited (Lindian) are forward looking statements. When used in this presentation, forward looking statements can be identified by words such as “may”, “could”, “believes”, “estimates”, “targets”, “expects” or “intends” and other similar words that involve risks and uncertainties. These statements are based on an assessment of present economic and operating conditions, and on a number of assumptions regarding future events and actions that, as of the date of this announcement, are expected to take place. Such forward looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside the control of the company, its directors and management that could cause Lindian’s actual results to differ materially from the results expressed or anticipated in these statements. Table 1: Lindian Bauxite Projects – Mineral Resource Estimate (JORC 2012) Summary⁴

The location of the different assets within Lindian’s bauxite portfolio is shown in Figure 1 below. The Company is focussed on short term and long-term options to achieve maximum, value for stakeholders from the Woula, Gaoual and Lelouma Projects. Lindian has identified the “Northern Corridor” as the last high quality bauxite province in Guinea to be mined and developing this corridor would link the high quality Lindian assets together with the proposed deep-water port located at Dobali. This infrastructure development is a key aspect of the Company’s longer-term strategy.
